## **WHO WE ARE**

Engage Collaborative Management Consulting, LLC, established in 2017, delivers strategic, concise, and measurable management consulting services to small business and government organizations. Our team of professional consultants provide support in the management of resources, program development and analysis to position organizations to perform at maximum capability and meet mission requirements. We offer professional services, highly-experienced consultant services and a comprehensive understanding of our government, military and civilian business requirements.

---

## **DISTINCT COMPETITIVE ADVANTAGE**

Management Consulting Expertise – Well-rounded and extensive experience in Department of Defense military/civilian requirements and resource management. Solid background and knowledge of strategic, operational and tactical functions from basic unit level to headquarters.
